Investing involves risk, including the potential loss of principal. No investment strategy can guarantee a profit or protect against a loss in periods of declining values. Asset allocation and diversification does not guarantee profit nor is it guaranteed to protect assets. An alternative investments strategy is subject to a number of risks and is not suitable for all investors. Investing in alternative investments is only intended for experienced and sophisticated investors who are willing to bear the high economic risk associated with such an investment. Investors should carefully review and consider potential risks before investing. Securities and advisory services offered through Centaurus Financial, Inc. Member of FINRA and SIPC, a registered broker/dealer and registered investment advisor. This is not an offer to sell securities, which may only be done only after proper delivery of a prospectus and client suitability is reviewed and determined. California Wealth Advisors and Centaurus Financial Inc. and Tasty Brands do not offer tax advice. You should discuss your particular tax situation with a tax licensed professional of your choice.
